Bishop Hunt To Dedicate New Hall This Sunday

The Right Reverend H. R. Hunt, Suffragan Bishop of the Diocese of Toronto, will officially dedicate the new Parish Hall and remodelled Christian Education Centre of St. George's Anglican Church, Haliburton this Sunday evening, April 28, at 7:30 p.m. This handsome addition was erected to meet the needs of a thriving Sunday School at St. George's. The architect was Mr. B. Napier Simpson Jr. of Toronto, and Mr. Joe Taylor of Haliburton was the contractor. Mr. J. Douglas Hodgson chaired the Building Committee which consisted of Mr. Creighton Feir and Mr. Cecil Winter, Churchwardens, and Mr. Merrill Bailey. Mr. Gerald Dawson and Mr. William Emmerson headed up the financial drive. The Rector of the Parish is the Rev. Raymond J. Carder. A reception will follow the Dedication Service, to which everyone is cordially invited.

Woman's Death Not Foul Play

LINDSAY (ENS) — Provincial Police said this week that no foul play is suspected in the death of Elizabeth Valerie Vise, 33, of Toronto, whose body was found last Thursday morning near Kimmount.

The body was found fully clothed in a religious centre at 6 a.m. by her husband Gerald, who had been looking for her for two days.

The religious centre, known as the Dhama Retreat Centre, is located on the Galway Road, six miles south of Kimmount. Kimmount is about 50 miles north of Peterborough.

A post mortem was conducted last Thursday morning in Peterborough, but police were not prepared to say how the woman died.

Police said she had left Toronto either late Thursday night or early Friday morning the previous week in her own car. She had been at the retreat before. Her husband was led to the retreat when he spotted her car parked nearby.

Beaconbrook Changes Hands

An announcement in this paper carries the information that the Beaconbrook Motor Hotel is now under new management. The new owners are Mr. and Mrs. Dean Stephenson, who before coming here resided in Currie, near Woodstock.

It was fifteen years ago that Mr. and Mrs. George Brooks and family came to Haliburton to take over Beaconbrook, and during that time they have built up an excellent business. They have attributed much of their success to the kindness and co-operation they have received from residents in this area, and cited as an

example Mr. W. R. Curry for his thoughtfulness in showing their son Grant around, helping him to get acquainted with citizens here.

The Brooks' also are greatly appreciative of the efforts of Bowes and Cocks Ltd., which resulted in enabling them to arrange the sale of their business.

At this time we would like to welcome Dean and Minnie Stephenson and their sons Gerry and Murray to our midst, and we hope that they will be happy and are successful in their new business.

Citizens Receive Fifty Year Awards

Two well known West Guilford citizens, Andy Sisson and Les McGuire, were presented with Fifty Year Certificates of Membership in the Orange Order at the regular meeting of the West Guilford L.O.L. No. 1357, held at the Orange Hall in West Guilford on Friday night last. Also present for this special occasion were the wives of the Orange Lodge members.

The Certificates were presented by Harry Hobden, Worshipful Master of L.O.L. No. 1357, and by George Keefer, County Master.

Members of the Orange Order were present from Maple Lake, Minden, Haliburton and other centres.

We wish at this time to congratulate Andy and Les, and we wish them many more years of continued service in the Orange Order.

Golf Course Opens Saturday

The Haliburton Highlands Golf Course will be open to the public as of Saturday, April 27. It is not often that weather conditions permit such an early opening but spring arrived early this year, and it looks as though the golfing public is going to enjoy an extra long season.

OPP Probe 13 Accidents

LINDSAY (ENS) — Two persons were killed and six injured in accidents investigated by officers of the Ontario Provincial Police Detachments in Victor's and Haliburton Counties during the period from April 7 to 13.

The fatalities occurred at Lindsay and Fenelon Falls.

Damage in four accidents in the Minden area in which three persons were injured was estimated at \$1,695.

Five accidents occurred in the Cobocok area, resulting in injury to one person and damage totalling \$1,600.

Damage in four accidents in the Lindsay Detachment area amounted to \$1,250.

The number of miles patrolled was 17,000, with 425 hours spent on patrol.

Bantams Bow Out

The great Knute Roehne, a former coach of the Notre Dame football team, in one of his great pre-game pep talks once told his team that they were going out on the field to win and that they wouldn't settle for a tie.

The Haliburton Bantams were in the same position on Saturday in Caledonia when they had to win the third game in the All-Ontario Bantam final series against the Copetown Bantams to keep the series alive. But instead of a victory they had to settle for a 5-5 tie, and it eliminated them from the play-offs.

Copetown had won the first game with the second game tied in the best two out of three series, and the tie on Saturday gave the Copetown club a win and two ties, which is four points and enough to win the series. The Haliburton team had hoped for a victory that would have forced a fourth and deciding game back here in Haliburton last Sunday.

In Caledonia on Saturday the Haliburton Bantams were fighting for their lives as they knew right from the start that they had to win this game or there would be no tomorrow. They gave it everything they had but the breaks were just not with them.

The local team got off to a

shaky start as Copetown were leading by the score of 3-0 at the midway mark of the second period, but Haliburton fought back to tie it up and it was 4-4 at the end of regulation time. At the two minute mark of the 10-minute overtime session Cameron Botting gave Haliburton a 5-4 lead and this held up until, with just 14 seconds left, Copetown scored and it was all over.

Over the series these two teams were very evenly matched and one wonders if the best team really did win.

To the players on this Haliburton team, we wish to thank you for the thrilling hockey that you have supplied us with throughout the season, and we wish to join with the many local hockey fans in expressing our appreciation and may we state that we are mighty proud of you.

A great deal of credit is also due to the Coach, Jim Scheffee, and the Manager, Cliff Dawson, who both gave hours of their time to take this team to the top.

Curling Club Party

The Haliburton Curling Club will be holding their Curlers' Party at Locarno-on-the-Lake on Saturday, April 27, with social hour 6:30 to 7:30 p.m.

Variety Concert To Be Held

A most enjoyable musical concert is being planned for Saturday, May 4 at 7:30 p.m. at the Hyland Crest Senior Citizens' Home in Minden.

Under the capable direction of Mrs. Norman Finney an excellent program is being arranged. Included in the concert will be a number of choral highlights from the repertoire of "The Madrigal Singers", as well as several requested numbers. Songs by "The Kinsman Sisters" will feature a "Japanese Fantasy", in which these talented young ladies, in beautiful Japanese costumes, will perform selections from "The Mikado". These girls are well known for their fine singing at St. Peter's Church, Maple Lake, where they are faithful and valuable members of St. Peter's Church Choir, under Mrs. Finney's direction.

The star of Lakeview School's production of "Mary Poppins", Glenda Burke, will also be heard at this concert. This young lady is rapidly becoming well known in music in this area due to her magnificent contribution to the work of her church choir (St. George's, Haliburton), and

the musical plays of Lakeview School, which Mr. Bill Gliddon has directed during the past few years.

Miss Cathy MacBrien will sing and play some folk song selections, including a song which she composed herself.

The three talented gentlemen who will be the guest artists for the concert are Mr. Carl Rohauffsky, flautist, Mr. Rex Metcalfe, who will assist Mrs. Finney in conducting some numbers on the program, and the well known Mr. Bill Metcalfe, who needs no introduction to residents of this area. Pianists for the evening will be Miss Kathleen Owens, regular accompanist for the "Madrigal Singers", and Mr. Bill Gliddon, who will accompany Mr. Rohauffsky in a flute-piano duet.

This excellent Variety Concert is open to the public at no admission cost. It provides an opportunity to see and hear the fine musical talent of our guest artists, and also of our own local musicians. So plan now to be present, and bring your friends to enjoy this musical evening.

HALIBURTON NEWS LETTER

The many friends of Mr. Ross Nicol will regret that he is at present a patient at the Ross Memorial Hospital, Lindsay. However, we are glad to say that we learn that the condition that is responsible for his being hospitalized is gradually clearing up. We hope that he will soon be able to come home again.

The Haliburton Highlands Snowmobile Club are having their closing meeting for this year on Sunday afternoon at the Haliburton Curling Club. Mem-

bers are asked to come and bring their friends. The hour is 2 p.m.

Starting on Monday next we are to have three trains a week coming into the C.N.R. Station. We understand that this is made necessary by extra freight and express being handled by the railway, and also the increase in tank cars carrying oil.

Mr. Douglas Ross, a member of the staff of the Bank of Montreal, has been transferred

Do you know what you'll never find in a Kelvinator refrigerator? Limp vegetables. In a Kelvinator, vegetables stay as crisp as the day they were bought.

That's because Kelvinator has a superior coldmaking system coupled with the best possible insulation. It maintains a constant cold, no matter how often you open and close the refrigerator door.

And that's just one more very good reason to buy Kelvinator.

Highlands Of Haliburton Art Group Discuss Merger With Fine Arts Guild

The minutes of the meeting of the Committee of the Highlands of Haliburton Art Group which was held to discuss the merger of the Group with the Haliburton Fine Arts Guild. The meeting was held at the home of Mr. Bruce Mills.

Those present were Mr. and Mrs. Mills, Mr. Joe Gauthier and Mr. and Mrs. C. D. Ferguson.

Mr. Ferguson reported that Mr. Moddle phoned to say that he would not be able to attend the meeting, but he generally agreed to the merger of the groups in the best interest of promoting the Arts and Crafts in the Highlands.

Mr. Ferguson reported on the joint meeting held in Haliburton, where it was announced that the St. Sandford Fleming College in Peterborough had agreed to take over the Haliburton School of Fine Arts as an extension of their College. Mr. Ferguson further reported that the Committee for the School of Fine Arts would be renamed as the Haliburton Guild of Fine Arts and it would co-operate with the College in the operation of the headquarters in Haliburton and the running of the programme for the time being.

The Committee had considerable discussion on questions of merger, and it was generally agreed that the development of the School of Fine Arts was a good step forward in the efforts to promote and develop an interest in the Arts and Crafts in the Highlands of Haliburton, which was the objective set by our Committee originally. It was further agreed that the best interests of the programme would be served by the uniting of the efforts of both Groups.

The following resolution was moved by Mr. Joe Gauthier and seconded by Mr. Bruce Mills: "Be it resolved that this Committee of the Executive of the Highlands of Haliburton Art Group endorse the proposal that it merge with the Haliburton Fine Arts Guild, and further, that this Committee recommends to the members and supporters of the Highlands of Haliburton Art Group that they become active members of the new Fine Arts Guild, participating in their programme and on their committees. It was further resolved that the members and supporters of the Highlands of Haliburton Art Group be requested to make a special effort to contribute to and help organize a joint exhibition of Arts and Crafts."

It was further agreed that we

write the Guild and suggest that they set a date and arrange a place for this year's Exhibition, as soon as possible; that they advise our group and our members of the next meeting, so that as many as possible can attend; that application for membership be forwarded to the members of the Group and that such a mailing should also include a call for voluntary work in helping the Group carry out its programme.

It was further resolved that as soon as the bills and financial obligations of the Highlands of Haliburton Art Group are paid that the balance of the funds should become the property of the Guild.

The above suggestions are the recommendations of the Committee, and copies of these minutes will be sent to all the members and supporters.

The meeting was then adjourned.

How Much Do We Value Our Friends

It is by such loyal faith and love that such friends will last forever. That is the kind of love that will carry people to a successful and everlasting peace with the whole world, and wherever they may go and whoever they come in contact with will see what we have seen for so many years — old friends and faithful friends.

It is not the many friends you make, it is only the friends you keep. It is not you the people see, it is you down deep. No matter what people say you are just let them talk as they please, it is what you know you are inside and that what counts is what God sees.

It is not the things you talk about, no matter how fine and true; it is not the way you seem to live, nor even the things you do. The only thing that really counts is what is in your heart.

Yes, little do we realize the value of a real friend. The only time we miss them is when we are in need and they are far away or are beyond our call. But when friends are in reach of one another it is our duty to remember them as we have in the long past. A friend in need is a friend indeed.

There is an old saying, it may be old but it is true, that the extent of our riches are our friends, and to never forget an old friend for a new one.

GOOD LUCK, PIERRE!

Everything that could possibly have been written about the Liberal leadership convention has already been written. But it's Spring, almost, and we have a new prime minister, almost. They're both pretty green, but Summer usually follows.

No, I didn't bet against Trudeau. But I can't see a guy called Winters ever winning an election in this country. We get enough of that nonsense about eight months of the year.

As an English teacher, I always look at names for symbolic suggestions. Winters has already been dealt with. Hellyer sounds slightly like "Hell with yer, I'll do as I please."

Paul Martin. I think a martin is a small bird. And he sure got it from the eagles and falcons. But he was a game bird, despite the fact, and deserves a salute for dignity and courage.

(I met Martin years ago encumbered by a couple of plastered Liberals from the sticks, and he had the same dignity then. These are the people who let him down, after he'd made gruelling trips to Hayfork Centre to speak for some local jerk.)

Turner didn't live up to his name. Tough. No turning. Watch out for him in future. He wants it all or nothing.

MacEachen was a disappointment. He's a man of intelligence and integrity. But he ran his campaign as though he were running for Reeve of Juniper Junction, and even made a bollix of withdrawing from the race. A pity.

Joe Greene is Joe Greene. I've seen him in action before. A dangerous orator of the old school: emotional, convincing, but a pretty fair Minister of Agriculture when you penetrate the verbiage.

Sharp was sharp, and always has been. He made the right move at the right time, and he's famous for this. Despite a couple of abysmal lapses during the economic crisis.

Kierans made a great fight, but who really feels sorry for a millionaire who's going to wind up in the Cabinet, and didn't have a ghost of a chance in the first place. Stout chap though.

You can't make much of Trudeau's name, symbolically. However, I think he's just possibly a better choice than that chap called Laframboise from Northern Ontario. I have a vague idea Laframboise means "The Strawberry". And where would we be then, internationally? Eaten, with sugar and cream that's where.

All I hope is that Canadians won't go sour on Trudeau when the Gallic shrug, the quirked eyebrow and the chimpanzee's grin disappear after a couple of months of dealing with all the garbage a prime minister must put out.

To the constant disgust of my wife and daughter, I knocked J. F. Kennedy constantly after his election. I kept saying, "Sure, he's cute. Sure he has a beautiful grin. Sure, he's witty. Sure, everybody loves him, except 49 per cent of the U.S. voters. But he's a ruthless politician. When is he going to do something besides charm people?"

I feel the same way about our new prime minister. He's clever, charming, rich. He's a bachelor, which probably accounts for the rich and charming.

I wish him well. I hope he breathes into Canadian politics that fresh new breeze everyone is predicting. But I wouldn't count on it. Most of the boys in the press gallery touting him as the salvation of Canada were saying the same about Dief ten years ago. And they'll be the first to start cutting strips off him when he fails to produce immediate miracles.

Good luck, Pierre Elliott Trudeau. I think you might just do it. And, finally, goodbye Lester Pearson. I think you were a dandy despite your faults, and I think history will record you as such.

Congratulations To Wilberforce Fire Department

There has been from time to time criticism regarding the usefulness or benefit of our Fire Department. That is something that the Wilberforce Fire Department has just settled for such critics.

On Monday, April 8, Wilberforce almost came to the worst disaster it has ever had to face, owing to no fault or any carelessness of anybody. It was just one of those things that can befall anybody during cleaning up or the burning of grass this time of year. Owing to the strong winds that was blowing, a grass fire got out of hand and several acres of grassland west of the village were burnt. It came across at a speed that could not be dealt with, and as it was coming right up to the back of the homes and other buildings it looked as though the whole village was to go up in flames.

A call was sent out to our Fire Department, and the wonderful response is the reason that the whole village is still intact, otherwise there was no alternative but to burn up. Our Fire Department not only saved our village, and likely some lives, but it has given us so much assurance that in the future we will still feel that we can depend on them to fulfill their duty with courage and willingness regardless of where they are. We can be proud of our equipment which has cost plenty, and we can also be proud of the men who came to the call so promptly.

The village folks can be thankful and be ready to do everything in their power in assisting the Fire Department, helping to make their places safe from future fires. Yes, they can come any time and from any place, not only in the fields or bush, as it can come from such causes as rubbish piled up out of the way or sight.

So I am sure that all of the village folks will give our boys what they deserve — a good cheer, and faith in them to do their job again if ever called on. Let's hope we won't have such calls, but if we do give them a hand. There are also many other ways of giving the Fire Department a hand, so let us do something.

Many thanks, Firemen!

CHURCH NEWS

ST. GEORGE'S A.C.W.

The Evening Branch of St. George's Anglican Church Women held their monthly meeting on Monday, April 15, 1968 in the new Board Room of the Church.

The meeting opened with the singing of hymn "Breathe On Me, Breath Of God", followed by the Anglican Church Women's Prayer and the Lord's Prayer in unison.

During the business period a very interesting letter was read from Miss Shirley Snider, who is stationed in the missionary field in Singapore.

Tickets are now on sale for the popular picture "Mr. Hobbs Takes A Vacation", which is being held on Monday, April 29 at 7:30 p.m. in the Molou Theatre. Proceeds are for furnishings for the new auditorium.

Rev. R. Carder continued the Bible Study from the book "Christian Character Course", which was most interesting and stimulating.

The meeting closed with the Prayer Partner's Prayer, followed by a social time with refreshments served by Group One.

JEHOVAH'S WITNESSES ATTEND CONVENTION

Methods of building spiritual-mindedness in oneself and others was the theme of instruction carried home by 100 members of the two Haliburton area congregations of Jehovah's Witnesses, delegates to a circuit convention of Witnesses in Barrie this past weekend.

A three-day program outlined the course of Christian activity of Jehovah's Witnesses in Haliburton and the rest of Central Ontario for the next six months. Seventeen speakers, including Mr. William Borden of Haliburton, presented 11 hours of train-

ing through discourses, forums and staged dramatizations of ancient and modern-day events.

The meet opened on Friday at 7:00 with 670 delegates in attendance for the keynote address "Strengthening One Another To Remain In The Faith" by Mr. Montague Mais, convention chairman and principal speaker. This was followed by a model public Bible-speaking school designed to increase efficiency in preaching and teaching. A version of this is conducted each Wednesday at 7:30 p.m. in the Haliburton Kingdom Hall of Jehovah's Witnesses under the direction of the Watch Tower Bible & Tract Society.

On Saturday afternoon seven new ministers symbolized their dedication to a life in service of God by total water immersion. Attendance had grown to 844 by the time of the evening program, a symposium entitled "Fortifying Ourselves For The Future".

The highpoint came Sunday at 3:00 with the public address by Mr. Mais on "Why Does God Permit Wickedness?". He commented: "The Almighty God Jehovah has permitted wickedness till now in order to settle to eternity the challenge issued by rebellion in Eden. Man's history proves that satisfactory rule of earth's affairs is impossible apart from God, and the Bible indicates God's time has now arrived to fully vindicate his sovereign right by vanquishing those now ruining His earth." Attendance was 960.

SPECIAL SERVICE AT FULL GOSPEL CHURCH

A musical team from the Full Gospel Bible Institute, Eston, Saskatchewan is visiting Haliburton this weekend. Pastor and Mrs. Putman and Rev. and Mrs.

McNeill are all graduates of this Bible College, and they are looking forward to renewing friendships.

The musical ministry of the Ladies' Trio and their accompaniment is being keenly anticipated.

Services are going to be conducted at the Full Gospel Light-house on Saturday and Monday evenings at 8:00 p.m. and on Sunday at 7:30 p.m. The Sunday service is going to include participation by the membership of the West Guilford Gospel Chapel.

Everyone is invited to what promises to be an interesting and inspiring evening. Rev. A. Mortenson, a faculty member, is accompanying the team of young people and will be speaking at each meeting.

RED SHIELD APPEAL

The early days of spring bring with them sales at all the stores . . . bargain days . . . when your money goes farther. New drapes for the living room are cheaper . . . paint for the house, garden tools for the lawn, and flowers. Spring also brings with it the Red Shield Campaign of The Salvation Army. And what a bargain it is.

Nineteen services to humanity are supported by the Red Shield. A young boy taken off the streets and put into a home where love and warmth replace suspicion and disinterest. That's a bargain because the other road, courts and jail, are expensive. A girl helped back to self-respect, a family tilted over a period of misfortune . . . all these and others are real bargains in human welfare, and to you as a tax-paying member of the community.

Watch for announcements of the Red Shield . . . it's the biggest spring bargain of all this year.

Practical Christianity

By GLEN R. PITTS

"But now being made free from sin, and become servants to God, ye have your fruit unto holiness, and the end everlasting life" (Rom. 6:22).

This verse suggests the "from" and "to" of salvation. Salvation is a coming out from and a coming into. It is "from darkness to light, and from the power of Satan unto God".

There is absolutely no progress made toward salvation until the sinful state of the heart is recognized. There is no "into" until there is an "out from". The Bible says: "The heart is deceitful above all things, and desperately wicked". It doesn't take too much thought to realize the truth of this statement. All we need to do is look around us. There must be a change, and the word "from" indicates a change or a transfer. A transfer in direction and a transfer of affections, and these are governed by the heart, therefore, the heart must be changed. You cannot ride on two buses going in opposite directions, but you can get a transfer from one bus to the other. You cannot serve God and the devil, but you can be freed from one master and become the servant of another. The love of evil can be dethroned by the love for good. There is not gradual progression from a sinful state into a state of holiness by self effort, but it can immediately occur in conversion when the will is yielded to God, and Jesus Christ is accepted as the One who can forgive sin and impart new life. The Bible says that if

any man be in Christ, he is a new creature (literally a new creation), old things pass away and all things become new.

There is a great change from a cloudy to a clear sky. There is all the difference in the world when the sun comes out. And so it is when Jesus, the Sun of Righteousness, takes his place in our hearts that a new creation comes into being. It is a work of Divine grace that is enacted in our lives.

If you live north of the United States border you are a Canadian. You belong to Canada. You owe your allegiance to this country. But if you ever become a naturalized citizen of the United States, you are no longer under Canadian rule. Your citizenship is changed from one country to another. So it is with salvation. It means being transferred from one kingdom to another! from the power of Satan to the power of God; from the control of Satan to the control of God; from the fears of darkness to the pleasures of light. This is the "from" and "to" of salvation.

Our municipal employees have given our main street a real cleaning up, but how long will it be before it will be littered with paper cups and broken pop bottles. Surely people can use the trash cans placed about to contain such garbage.
